

Water Pump

This diagram illustrates the assembly of a mechanical component, likely a pump or valve, showing the following parts and their assembly sequence:

- 49079**: A large pulley or flywheel with a central hub.
- 92154**: A small screw used to secure the pulley to the main body.
- 92154A**: A long bolt used to secure the main body to the base.
- 92154B**: A short bolt used to secure the main body to the base.
- 92154C**: A long bolt used to secure the main body to the base.
- 92154D**: A short bolt used to secure the main body to the base.
- 49044**: The main body of the assembly, featuring a central port and a flange.
- 92093B**: A long bolt used to secure the main body to the base.
- 92093A**: A short bolt used to secure the main body to the base.
- 92093**: A bracket or support arm used to secure the main body to the base.
- 11061**: A flange or gasket used to secure the main body to the base.
- 92055**: A ring or seal used to secure the main body to the base.
- 49054**: A small component, possibly a spring or seal, used to secure the main body to the base.
- 16160**: A large flange or gasket used to secure the main body to the base.
